

MASTER WEBSITE BLUEPRINT V3

PHASE 1G – HOMEPAGE, NAVIGATION, CTA SYSTEM & MASTER INTERNAL LINKING

HOMEPAGE ARCHITECTURE

URL

/

Purpose

The Homepage should:

1. Build trust immediately.
2. Showcase core services.
3. Route visitors into major silos.
4. Generate inquiries.

Instructions for WEB DEVELOPER:

Build Mountain Travels Pakistan as a silo-based SEO authority website where every informational page funnels visitors toward a tour, trek, expedition, or customized itinerary inquiry through structured internal linking, breadcrumbs, related content blocks, and persistent conversion CTAs.
